Vinayak Suryavanshi

Mumbai, India

+91 9867627961 | vinayaksuryavanshi37@gmail.com

Summary

Computer Engineering graduate with a strong foundation in web development, machine learning. Passionate about solving real-world problems through software innovation and deep learning. Proven ability to build responsive applications, collaborate in teams, and continuously adapt to new technologies.

Education

University of Mumbai, MGM College of Engineering and Technology *Kamothe, India*
Bachelor of Engineering in Computer Engineering ***2022 – 2025***
CGPI: 8.00

Samarth Samaj's Shivajirao S. Jondhale Polytechnic *Ambarnath, India*
Diploma in Computer Engineering / Scored: 81.71% ***Completed in 2022***

Projects

Sign Language Vision to Text using Deep Learning

- Built a real-time sign language recognition system using CNNs and RNNs to convert hand gestures into readable text.
- Used OpenCV for live image processing and TensorFlow/Keras for model training and prediction.

Railway Ticket Booking Website

- Designed and developed a ticket booking system using HTML, CSS, JavaScript, and React.
- Implemented dynamic interfaces with responsive UX.

Website Blocker

- Created a front-end website blocker using JavaScript and Bootstrap.
- Enabled custom blocking of domains with simple UI control.

Falling Ball Game

- Developed a 2D game using JavaScript, Phaser, and p5.js to simulate realistic ball physics.

Gesture Volume Controller

- Implemented a real-time hand tracking system using OpenCV and MediaPipe to control system volume.

Virtual Drag and Drop with TensorFlow

- Created a virtual drag-and-drop system using object detection models in TensorFlow.

Skills

Languages: Python, Java, JavaScript, HTML, CSS

Frameworks/Tools: React, Bootstrap, TensorFlow, OpenCV, MediaPipe, Phaser, p5.js

Design Tools: Git

Soft Skills: Design Thinking, Teamwork, Communication, Problem Solving

CERTIFICATIONS

- **Certified Training in Python 3 Completed certified training from Career Infotech with hands-on projects and exercises.**
- **Aptitude and Life Skills Completed Training in Aptitude and Life Skills facilitated by Campus Credentials.**
- **Fundamental Advanced Programming Completed Fundamentals of Programming and Advanced Programming-Optimization of Coding accompanied by Campus Credentials.**
